

Did you know?

Read these interesting facts about spring and colours with a parent, carer or teacher.

Spring is a season.

There are four seasons. They are spring, summer, autumn, and winter.

You can get all types of weather in the spring. Different types of springtime weather include rain, sun, wind, hail, sleet and snow.

Rainbows can appear in the sky when it is sunny and rainy at the same time.

There are lots of different colours. Blue, red and yellow are called primary colours.

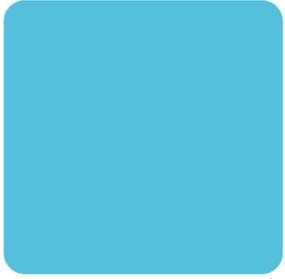

Colours can be mixed to make new colours. Mixing yellow and blue makes green. Mixing red and blue makes purple. Mixing yellow and red makes orange.
